Title of project proposal	
What is the main aim of the project?	
What part of the community will the project benefit? (E.g. the elderly/the young/unemployed/disabled/the poor?)	
Give a roughly indication of how many people you think this project will have a positive effect upon?	
Directly	
Indirectly	
Is this a new project?	
If not, for how long has it been running?	
How is it funded at present?	

Is the request for funding from IWAY for all or just part of the project? If for just part of the project, how else is it being funded?
What is the estimated time frame for completion of the project?
How much funding is required to see the project through to completion? (Proof of estimates may be required should the IWAY grant funding.)
Brief description of the project
Special things the money would be used for?
What are the expected changes/outcomes/benefits/results expected by the end of the project?
How will the project, in particular the spending be monitored, and by whom?
How will the project be maintained after completion?
