

## Karen Jeppe Musical Concert

On June 17, 2022, in collaboration with [#theNationalLibraryofArmenia](#), [#IWAY](#) was honoured to host accomplished musicians, Helle and Amalie Asmild in a storytelling performance of [#karenjeppe](#), the Danish Mother of Armenians, at the National Library.

Helle and Amalie Asmild, a mother and daughter duet played the accordion and violin together by telling the wonderful and very emotional life of the heroic woman. For more than ten years, [#IWAY](#) was able to meet one of its main objectives: to make a positive change in Armenia, specifically aiming to better the lives of women and children in remote and border villages. Therefore, [#IWAY](#) is thankful to all those who support its charitable projects and cultural activities.
